ABOUT QUINN

I am a front-end focused web developer/engineer. I am primarily developing in modern JavaScript (ES6), using the Angular, Ionic and Vue.js frameworks. I want to build cool stuff!

TECHNICAL SKILLS

Languages: JavaScript (including ES5, ES6), TypeScript, C#, Python

Markup: HTML (including HTML5), CSS, SASS/SCSS

Frameworks: Angular 2, Vue.js, Ionic, JQuery, Bootstrap

Version Control/Testing: Git, Karma, Jasmine

EMPLOYMENT

yoJanus Corp. *March 2018 – present*

- Redesigned centerpiece customer survey with Vue.js and VeeValidate
- Built several site components using Vue.js, jQuery, Bootstrap, JavaScript

Paul A. James Attorney at Law LLC *June 2009 – May 2018*

- Automated billing calculation using Python
- Built firm's static-site web presence (CSS, HTML JavaScript)

Furman University James B. Duke Library *September 2007 – May 2010*

- Learned customer service skills
- Tutored new student workers in following business procedures

SIDE PROJECT

Mondain Ionic (Angular 2, Ionic, TypeScript, Firebase, AngularFire): Opinionated word studying app designed primarily for tournament Scrabble players. Offers spaced-repetition quizzes similar to Zyzzyva and Xerafin, but keeps track of progress in your lexicon, and adjusts background color according to how you're doing in a session.

EDUCATION

Trident Technical College, Charleston, S.C. 2015
A.S. in Computer Programming

Furman University, Greenville, S.C. 2010
B.A. in History

INTERESTS

Ranked #51 in the world at tournament Scrabble
